

Kota Garden Sauna

Kota Garden Sauna is a product made in Finland and has the Key Flag symbol. The extensive glass surfaces of this stylish sauna create broadness and allow you to enjoy the views of the nature. It takes just a couple of hours to assemble this sauna!

- » No foundation needed – an even gravel cushion on a few square metres of non-freezing ground will suffice
- » The sauna kit is supplied ready for installation, with the exception of the roofing material

The Kota Garden Sauna kit includes:

- » Floor, walls and roof: fir, modular
- » Door, glass walls and windows: tempered and darkened glass
- » External lattices and platform: fir, modular

Heater variants:

- » Wood-burning heater, Aito 16
- » Wood-burning heater, Narvi NC 16
- » Electric heater, Narvi Softy 9 kW
